

MINUTES
York Energy Steering Committee
August 18, 2016

Present: Rozanna Patane, Chair; Wayne Boardman, Hilary Clark, Stephen Kosacz; Chris Ring, Jerry Runte. Victoria Simon, David White, and community member Michelle Marean.

The Library event on zero-waste

1. Minutes for July 17, 2016 approved 6-0

2. News, quotes, other sharing:

3. Old business

a. Survey Objectives:

Dylan will develop the questions on the survey, with help from Michelle Marean, and will take it to the Planning Board 9/22 for their comments and approval. The primary objective of the survey is to confirm whether the voters want an energy chapter added to the Comprehensive Plan. The survey will probably be mailed hardcopy to voters, with an online link as an option.

It was decided to hold a special meeting to finalize the ESC's input to the survey on Wednesday August 31 at the Library.

b. Energy Steering Committee Charter:

The charter proposal will go before the Board of Selectmen Monday August 22. It was suggested that we add: "Identify and promote the opportunity to increase access to energy solutions for seniors, low-income and other residents."

c. Long Sands Bathhouse:

Proposal goes to Planning Board Thursday August 25.

Respectfully submitted, Victoria Simon
