M. Citizens' Forum

Adjourn

**BOARD OF SELECTMEN'S
MEETING MINUTES
7:00PM TUESDAY, APRIL 1, 2014
YORK PUBLIC LIBRARY**

Present: Chairman Ronald Nowell, Vice Chairman Kinley Gregg, Mary Andrews, Scott Fiorentino, Torbert Macdonald and members of the press and public.

Call to Order

Chairman Nowell called the meeting to order at 7:00PM

- A. **Citizens' Forum** – The Citizens' Forum is open to any member of the audience for comments on items listed on this meeting agenda. All comments should be respectful in tone and should be directed to the Chair. Comments should be brief and to the point. Questions that require extended answers or that cannot be readily answered will be referred to the Town Manager for follow-up. Anyone who wishes to submit a written request for future agenda items can do so on the form available at this meeting or may obtain the form through the Town Manager's Office.

Public Comment: Richard Smith
 Peter Ashley
 Howard Kopel
 Gene Corey
 Judy Romano

B. **Unfinished Business**

Chairman Nowell took items 3-6 out of order.

1. "3. Special Event Permit: York Beach Fire Department's Annual Parade and Muster"

Moved by Ms. Gregg, seconded by Mr. Fiorentino to approve the Special Event Permit application for York Beach Fire Department's Annual Parade and Muster on Sunday, June 29, 2014. Vote 5-0, motion passes.

2. "4. Special Event Permit: Spring Ride for the Troops"

Moved by Mr. Fiorentino, seconded by Ms. Gregg to approve the Special Event Permit application for Patriot Riders of New England's 7th Annual Spring Ride for the Troops on Sunday, April 27, 2014. Vote 5-0, motion passes.

3. "5. Special Event Permit: Big A 50K"

Moved by Mr. Macdonald, seconded by Mr. Fiorentino to approve the Special Event Permit application for the Big A 50K even on Saturday, May 3, 2014. Vote 5-0, motion passes.

4. "6. Pole Location Permit: Pine Hill Road"

Moved by Ms. Gregg, seconded by Ms. Macdonald to approve the Pole Location Permit for one pole on Pine Hill Road, in a Westerly direction, 50 feet from pole #24. Vote 5-0, motion passes.

5. "1. Discussion and Possible Action to Separate the Police Station Project and Connector Road for Purposes of Planning Board Review"

Moved by Mr. Macdonald, seconded by Mr. Nowell to separate the Police Station and Connector Road Projects for Purposes of Planning Board Review. Vote 2-3, Ms. Andrews, Ms. Gregg and Mr. Fiorentino against, motion fails.

Mr. Macdonald proposed the following Non-Binding Referendum Question to be placed on the May 17, 2014 Referendum:

"Voters in 2012 authorized the expenditure of 1.6 million for the construction of a Connector Road from Route One to Ridge Road in York Beach. Do you favor A) The presently planned road from Ridge Road to Route One, which is a separate road, parallel to the Wild Kingdom Road with a separate exit on Route One or B) A road configuration which at some point West of the Police Station site combines with the Wild Kingdom Road to form a single outlet on Route One"?

Ms. Andrews stated that she feels the question should include the complete costs of both options and those are numbers that the Town does not have at this time.

Moved by Mr. Macdonald to place the above Referendum Question on the May 17, 2014 Referendum. Vote 2-3, Ms. Gregg, Ms. Andrews and Mr. Fiorentino against, motion fails.

6. Discussion and Possible Action on Police Station and Connector Road Application for Planning Board

Chairman Nowell stated that he requested information from the Finance Director regarding how much money the Town has paid SMRT, Inc. since 2010, the total he received was \$583,363.34.

Ms. Gregg stated that the application from SMRT, Inc. that is being submitted to the Planning Board for Completeness Review on April 3, 2014, seems to not have been updated recently and has some factual errors.

Community Development Director Steve Burns explained that the application for the Police Station Project can indeed go forward with the Planning Board regardless of the boundary dispute. There is a stamped, certified survey, by a licensed engineer, holding the engineer professionally liable for the boundaries on their survey. As long as the boundary disputes are not effecting the building or road location then it isn't a problem or causing any violations from his perspective.

Chairman Nowell stated that he does not support the current application being submitted to the Planning Board because he feels it is insufficient.

C. New Business

1. Discussion and Possible Action Regarding 65 Old Post Road

Director of Public Works Dean Lessard denied a Road Opening Permit for 65 Old Post Road due to unsafe sight distance. Mr. Lessard wrote a memo to the Board of Selectmen regarding his denial and cites his authority to do so under the Street Opening and Culvert Ordinance.

Chairman Nowell decided to put this on the agenda for the next regular meeting of the Board of Selectmen.

D. Other Business

Chairman Nowell mentioned that the Board has not yet received a legal opinion regarding the Wiggly Bridge Distillery.

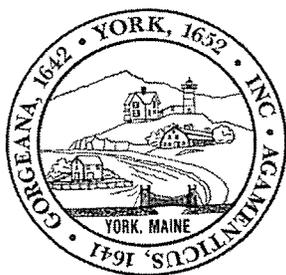

Chairman Nowell also mentioned that he had a discussion with the Town Assessor Rick Mace and according to the Harbor Side Drive plan, there should be a parcel of land conveyed to the Town that has not been done yet.

E. Citizens' Forum

Public Comment: Charles Stacy

Adjourn

Chairman Nowell adjourned the meeting at 10:03PM.

REQUEST FOR ACTION BY BOARD OF SELECTMEN

Date Submitted: May 14, 2014	Type of Action: <input type="checkbox"/> Procedural <input checked="" type="checkbox"/> Formal Action <input type="checkbox"/> Other: _____
Date Action Requested: May 19, 2014	
Regular <input checked="" type="checkbox"/> Work Session _____	
Subject: Senior Center Wheelchair Accessible Bus Bid Award	

TO: BOARD OF SELECTMEN
FROM: Robin Cogger, Senior Center Coordinator Michael Sullivan, Parks and Recreation Director
RECOMMENDATION: We recommend that the Board vote to award the bid for a Goshen wheelchair accessible passenger bus to Patsy's Bus Sales in Concord, NH for the base price of \$79,799.00 plus options priced at \$1,977.00 for a total purchase price of \$81,776.00.
PROPOSED MOTION: I move to award the bid for a 2014 Goshen wheelchair accessible passenger coach bus to Patsy's Bus Sales in Concord, NH, for the base price of \$79,799.00 plus options priced at \$1,977.00 for a total purchase price of \$81,776.00.

Discussion: At the March 24, 2014 Selectmen's meeting, the Board authorized the Parks and Recreation Department to seek bids for the purchase of a wheelchair accessible passenger coach bus, for the Senior Center.

A total of five (5) bids were received as follows:

TESCO , Oregon, Ohio	\$ 76,188.00
Patsy's Bus Sales, Concord, NH	\$ 79,977.00
Alliance Bus Group, Hudson, NH	\$ 81,096.00
Trans Tech Bus Sales & Service of New England, LLC, Northwood, NH	\$ 86, 475.00
O'Connor Motor Company, Portland, ME	\$107,730.00

None of the bids met all of the specification requirements however, after careful review and comparison, we have determined that Patsy's Bus Sales has offered the most competitive and comprehensive bid. It is our recommendation that the bid be awarded to Patsy's Bus Sales in Concord, NH.

Patsy's bid fails to meet the following specifications, the majority of which are available as optional add-ons in the amount of \$1,977.00:

- 1 double fold away seat to make the vehicle a 26+1 passenger capacity (\$610.00)
- black out windows (\$795.00)
- Engine alarm/shutdown
- Under hood compartment light (\$150.00)
- Rear Door with 1 window (\$422.00)

While TESCO (Transportation Equipment Sales Corporation) is the low bidder, they failed to meet the specifications to include:

- seating capacity is 24+2
- High Backs Seats
- Adjustable head rests
- Audio/visual/GPS navigation system with touch screen controls and (six) 6 7" LCD displays
- Padded vinyl interior walls and ceiling
- Black out windows
- 5/8" exterior grade plywood flooring with carpet
- Black ribbed rubber aisle
- Fog lamps
- Spare tire and wheel
- Rear door with one (1) window
- Roof hatch transpec standard safety vent
- Solid windows
- LED front market lights
- LED rear marker lights
- LED mid-ship marker lights

TESCO did not offer options for adding any of the items.

Next to TESCO and Patsy's, Alliance Bus Group submitted the lowest bid which fails to meet the following specifications:

- Seating capacity is 20 regular seats with 2 wheelchairs or 22 regular seats
- High back seats
- Arm rests on each seat
- Adjustable head rests
- Overhead luggage
- Audio/visual/GPS navigation system with touch screen controls and (six) 7"LCD displays
- Back up camera
- Stainless steel wheel inserts
- Solid windows
- Speed control
- Black out windows
- Engine/ alarm shutdown
- Fog lamps

- Spare tire and wheel
- Under hood compartment light
- Skid plates
- Recovery hooks
- 5/8" exterior grade plywood flooring with carpet

Alliance did not offer options for adding any of the items.

FISCAL IMPACT: \$79,977.00 + \$1,977.00 **TOTAL: \$81,776.00**

DEPARTMENT LINE ITEM ACCOUNT: Senior Center Transportation Enterprise

BALANCE IN LINE ITEM IF APPROVED: \$26,011.48

Bidder Comments: All repair and parts manuals are now on CD's only.

1. Who Warrants the product.

The product, as described and limited here, is warranted by the manufacturer and installer of the body: GLAVAL BUS, Division of Forest River, INC., hereinafter referred to as GLAVAL BUS, 914 County Road 1, Elkhart, Indiana; an Indiana Corporation; and is administered by the GLAVAL BUS Customer Care Dept., Elkhart, Indiana 46514.

2. Who Is Covered.

GLAVAL BUS, the warrantor, extends this limited warranty to the original and any subsequent owners of the vehicle during the WARRANTY PERIOD.

3. What Is Covered.

GLAVAL BUS, your Warrantor, extends the following limited warranty to you, which limited warranty covers your vehicle as to material defects in all materials and workmanship supplied by or performed by GLAVAL BUS.

4. Warranty Period.

The GLAVAL BUS limited warranty is for a period of five (5) years from the date of first delivery or 100,000 miles, whichever occurs first, except for other coverage's listed under "Other Warranties that may Apply" (and items listed under "Exclusions and Limitations" and "Limits of the Warranty").

GLAVAL BUS warrants the exterior against rust-through due to improper application or assembly for (2) years, regardless of mileage.

NOTE: Cosmetic or surface corrosion resulting from stone chips or scratches in the paint are not covered.

Custom paint and/or tape application, if performed by GLAVAL BUS, is warranted to be free of substantial defects in workmanship and materials provided by GLAVAL BUS for 1 year (12 months) from date of original purchase.

5. Other Warranties That May Apply.

GLAVAL BUS does not warrant the base vehicle itself. The vehicle engine, chassis, drive train, suspension system, battery, and other chassis components are covered by a separate warranty offered by the manufacturer of the vehicle and administered by the manufacturer's authorized dealers. The tire manufacturer separately warrants tires.

Examples of the other manufactures warranties (there may be others)

The above is a summary of other manufactures warranties, these are subject to change per the manufacture and others may apply.

Elec. Components	1 year	Unltd mileage	
Alternator(s)	18 mo.	75,000 miles	Parts/Labor
Air Conditioning	2 years	Unltd mileage	Parts/Labor
Heater(s)	1 year	Unltd mileage	Parts
Wheelchair lift			
Braun	3 years	Unltd mileage	Parts/Lab
Ricon	5 years	Unltd mileage	Parts only
Wheelchair tie down	90 days	Unltd mileage	

6. Owner's Responsibility.

Proper maintenance and cleaning of the exterior and interior of the vehicle is the responsibility of the owner. See the owner's manual for proper care instructions. Defects or damage as a result of improper care or maintenance are not covered by the warranty.

7. Exclusions and Limitations.

Damage caused by abuse, misuse, neglect, failure to observe reasonable and required maintenance practices, acid rain, accidents, natural disasters, acts of war and normal wear and tear and facing of fabrics, carpeting and/or fiberglass are not covered. Light bulbs and fuses are not covered.

Damages that may occur to the chassis, frame, other parts or components that occur due to overloading will not be covered and may invalidate portions of the GLAVAL BUS warranty.

Accessories covered by their own manufacturer's warranties are not covered by GLAVAL BUS.

Replacement parts provided under terms of the warranty will whenever possible, match original equipment. When necessary, GLAVAL BUS will substitute parts of comparable function and value. Defective items may be replaced with new, remanufactured, reconditioned or repaired components.

Those items listed in paragraph 5 above are not covered or warranted by GLAVAL BUS.

Modifications, alterations or repairs performed by unauthorized personnel may invalidate portions of the GLAVAL BUS warranty. Contact GLAVAL BUS Customer Care before you make any changes.

GLAVAL BUS does not cover the costs of loss of vehicle use, rental cars, interim transportation, storage, payment for loss of time or pay, lodging, meals, other travel costs, or any other incidental or consequential damages or expenses or inconvenience incurred while your vehicle is out of service due to warranty repair work.

8. How to get warranty service.

To obtain warranty service, contact or visit the dealership where you originally purchased your vehicle or another warranty service facility designated by GLAVAL BUS: Have them contact Glaval Bus Customer Care Department for authorization to have a warranty claim submitted. If you or your dealer have moved, or if your dealer is no longer in business, contact GLAVAL BUS Customer Care (see address and telephone numbers on back page) for the name of a GLAVAL BUS dealer nearest you. Your claim must be made within 30 days of the discovery of the defect. Based on the determination of GLAVAL BUS, and subject to the terms of the warranty, the warranty repair work will be authorized by GLAVAL BUS.

9. Who Performs Warranty Service.

The best place to obtain warranty service is at the dealership where you originally purchased your bus. If the dealership cannot perform the service work, they should call GLAVAL BUS Customer Care for assistance (see number below). If you are unable to visit your original dealer, contact GLAVAL BUS Customer Care (address below) for the name and location of a GLAVAL BUS dealer near you.

10. Dispute Resolution.

Should you be unable to resolve a disagreement with your dealer regarding your right to pursue warranty coverage for a needed repair, contact the GLAVAL BUS Customer Care Manager (see address below). If a dispute about warranty service arises between GLAVAL BUS and you, the owner, the disagreement will be resolved in accordance with the customary procedures of the American Arbitration Association relating to commercial transactions, or the dispute will be submitted to a panel of three (3) arbitrators for decision. The panel will be made up of one member appointed by GLAVAL BUS, one member appointed by the complainant/owner, and one member from the arbitrators group mentioned above. Any and all legal remedies shall be available to the owner after pursuing this informal dispute resolution if a ruling is entered against GLAVAL BUS and GLAVAL BUS fails to abide the ruling. The expenses of arbitration will be paid by the party against whom the arbitrator(s) rule.

11. Limits Of Warranty

This written statement of limited warranty represents the entire warranty authorized and offered by GLAVAL BUS. There are no warranties or representations beyond those expressed in this written document. It cannot be amended by any dealership, salesperson or agent. It expressly limits all warranties, including, but not limited to, by way of specification, both express and implied warranties, including warranties or merchantability and fitness for a particular purpose along with all other liabilities or obligations of GLAVAL BUS.

Federal Compliance.

THE TERMS OF THE WARRANTOR'S UNDERTAKING EXPRESSED IN THIS LIMITED WARRANTY ARE DRAFTED TO COMPLY WITH THE MAGNUSEN MOSS WARRANTY LEGISLATION, P.L. 93-637 OF 1974, AND OTHER APPLICABLE LAW. ANY WARRANTY PROVISIONS PROMULGATED BY THE FEDERAL TRADE COMMISSION PURSUANT TO RULES OR ANY OTHER LAW RELATIVE THERETO ARE EXPRESSLY INCORPORATED HEREIN. TO THE EXTENT ANY PROVISIONS OF THIS LIMITED WARRANTY ARE INCONSISTENT WITH STATE LAWS, ONLY THOSE PARTS INCONSISTENT ARE VOID.

NOTICE

Please return your Warranty Registration card to register you warranty with GLAVAL BUS so that your rights under this limited warranty may be recorded by Glaval Bus and to assure prompt assistance. Your dealer will provide the warranty card for you to sign. If you do not remember signing a GLAVAL BUS warranty card at the time of delivery, please contact your Dealer.

QUICK REFERENCE: WARRANTY COVERAGE

This chart gives a general summary of your warranty coverage provided by Ford Motor Company under the **New Vehicle Limited Warranty**. Please refer to the description of warranty coverage for more specific information.

For each type of coverage, the chart shows two measures:

- years in service
- miles driven

Your New Vehicle Limited Warranty

TYPE OF COVERAGE	YEARS IN SERVICE/MILES DRIVEN
BUMPER TO BUMPER	3/36,000
POWERTRAIN	5/60,000
SAFETY RESTRAINT SYSTEM	5/60,000
CORROSION (Perforation only)	5/UNLIMITED
POWERSTROKE DIESEL ENGINE	5/100,000

The measure that occurs first determines how long your coverage lasts. For example: Your Bumper to Bumper Coverage lasts for three years - unless you drive more than 36,000 miles before three years elapse. In that case, your coverage ends at 36,000 miles.

For more details on coverage, see:

- ⇒ **What is Covered?** (pages 8-12)
- ⇒ **What is Not Covered?** (pages 12-15)

WHAT IS COVERED?

Your **NEW VEHICLE LIMITED WARRANTY** gives you specific legal rights. You may have other rights that vary from state to state. Under your New Vehicle Limited Warranty if:

- your Ford vehicle is properly operated and maintained, and

Proven Quality.

Entourage

by Glaval Bus

Up to 33 Passenger Seating

The Entourage delivers superior quality and versatility built on the rugged Ford F-550 Super Duty chassis. The Entourage is both economical and flexible enough to suit any of your transportation solutions. If ADA equipment is required, a wide range of floor plan configurations with a wheelchair lift are available. This mid-size bus can be built to accommodate various types of floor plan arrangements, seating up to 33 passengers. With its impressive sleek and aerodynamic styling, the Entourage is both brawn and beauty!

Unit shown with optional features

OUR STANDARDS

INTERIOR OPTIONS

EXECUTIVE SUMMARY

Glaval Bus submitted a model Entourage built on a Ford Motor Co. F-550 Super Duty chassis. The test bus is diesel-powered 33 seat (including the driver) 33-foot bus, and was submitted for a 7 yr/200,000 mile STURAA test. The odometer reading at the time of delivery was 556 miles. Testing started on December 8, 2009 and was completed on April 12, 2010. The Check-In section of the report provides a description of the bus and specifies its major components.

The primary part of the test program is the Structural Durability Test, which also provides the information for the Maintainability and Reliability results. The Structural Durability Test was started on December 23, 2009 and was completed on April 6, 2010.

The interior of the bus is configured with seating for 33 passengers including the driver. Free floor space will accommodate 19 standing passengers resulting in a potential load of 52 persons. At 150 lbs per person, this load results in a measured gross vehicle weight of 20,970 lbs. In order to avoid exceeding the total GAWRs (19,500 lbs), ballast for 9 standing passengers was eliminated. This reduction from full capacity resulted in an adjusted measured gross vehicle weight of 19,710 lbs and was used for all dynamic testing. The middle segment was performed at a seated load weight of 18,040 lbs and the final segment was performed at a curb weight of 13,390 lbs. Durability driving resulted in unscheduled maintenance and failures that involved a variety of subsystems. A description of failures, and a complete and detailed listing of scheduled and unscheduled maintenance are provided in the Maintainability section of this report.

Accessibility, in general, was adequate. Of the components covered in Section 1.3 (repair and/or replacement of selected subsystems), both the primary and secondary alternators and belts proved difficult in accessing. Other components encountered during testing, were found to be readily accessible and no restrictions were noted.

The Reliability section compiles failures that occurred during Structural Durability Testing. Breakdowns are classified according to subsystems. The data in this section are arranged so that those subsystems with more frequent problems are apparent. The problems are also listed by class as defined in Section 2. The test bus encountered no Class 1, 2 or 4 failures. Of the two reported failures both were Class 3.

The Safety Test, (a double-lane change, obstacle avoidance test) was safely performed in both right-hand and left-hand directions up to a maximum test speed of 45 mph. The performance of the bus is illustrated by a speed vs. time plot. Acceleration and gradeability test data are provided in Section 4, Performance. The average time to obtain 50 mph was 15.83 seconds.

The Shakedown Test produced a maximum final loaded deflection of 0.409 inches with a permanent set ranging between -0.003 to 0.005 inches under a distributed static load of 19,500 lbs. The Distortion Test was completed with all subsystems, doors

and escape mechanisms operating properly. No water leakage was observed throughout the test. All subsystems operated properly.

The Static Towing Test was performed using a target load (towing force) of 16,068 lbs. All four front pulls were completed to the full test load with no damage or deformation observed. The Dynamic Towing Test was performed by means of a front-lift tow. The towing interface was accomplished using a hydraulic under-lift wrecker. The bus was towed without incident and no damage resulted from the test. The manufacturer does not recommend towing the bus from the rear; therefore, a rear test was not performed. The Jacking and Hoisting Tests were also performed without incident. The bus was found to be stable on the jack stands, and the minimum jacking clearance observed with a tire deflated was 10.9 inches.

A Fuel Economy Test was run on simulated central business district, arterial, and commuter courses. The results were 5.83 mpg, 5.53 mpg, and 9.81 mpg respectively; with an overall average of 6.48 mpg.

A series of Interior and Exterior Noise Tests was performed. These data are listed in Section 7.1 and 7.2 respectively.

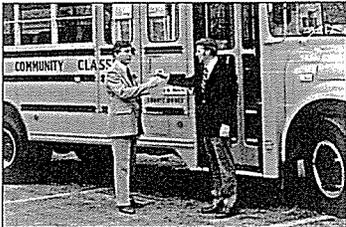

Proven Quality. Trusted Name.

COMPANY HISTORY

When one looks at the national success that Transportation Equipment Sales Corporation (TESCO) has become, it may be difficult to imagine its more humble beginnings. Original company was started back in 1937, selling hearses, ambulances, and school buses in northwest Ohio.

By 1940, school bus sales became a primary focus. Success followed success, and the company thrived during the next three decades. When Noel Graham Sr., TESCO's current CEO, joined the team back in 1968, he saw the tremendous potential that lay before him.

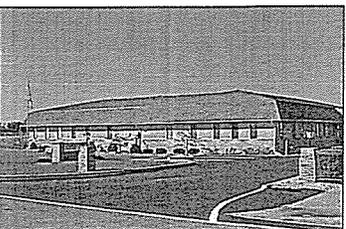

Noel helped TESCO in its early ventures into the commercial bus market, and by 1974 he had become the company's sole owner. That same year, TESCO's operations expanded into NE Ohio, covering nearly 60% more territory than before. 1992 saw the development of commercial and school bus sales in Michigan.

Since the turn of the century, a management team led by Noel's son Bud has continued to expand territory and product lines. With Noel's guidance, Bud and his team have driven TESCO to be one of the nation's largest and most successful bus distributors.

Today, TESCO requires nearly ten acres to operate effectively. Its primary facilities include 5,000 square feet of modern office space, a 3,000 square foot parts warehouse, and about 20,000 square feet of service garages, which can simultaneously service up to twelve large buses. Immense parking areas can efficiently store over 200 buses awaiting sale or service. TESCO's secondary location, just two miles from the home office, is utilized for used vehicle sales and warehousing of parts located on a sprawling 5 acres with over 22,000 square feet of operating space.

The company's product line is widely diverse. Major commercial vehicle manufacturers, such as Goshen Coach, Turtle Top, Eldorado National, and Elkhart Coach are among the big names at the front of TESCO's sales effort. Equally as prominent are school buses from Girardin and Collins. Beyond the sale of new buses, TESCO also specializes in used vehicles sales. Besides vehicles, TESCO installs and services related vehicle accessories including wheelchair lifts and air conditioning systems from manufacturers such as Braun, Ricon, Carrier, and Trans Air.

For over seventy years, TESCO has provided quality products backed by exceptional service and support. We take pride in our employees' commitment to assisting our customers in making the best choice for their transportation needs. We look forward to the next seventy with as much hope and determination as we showed in the first.

Proven Quality. Trusted Name.

FACILITY

TESCO operates from three facilities in the Great Lakes region of the USA. The primary facility, located in Oregon, Ohio, includes executive office space, a full service graphics design and production department, and over 20,000 square feet of service garages capable of housing up to twelve large buses. The facility grounds can also store over 200 buses awaiting sale or service, giving TESCO the ability to stock a full inventory of vehicles.

The second TESCO location, located just two miles from the main office, houses the used vehicle department and parts division. This facility has an additional eight large bus service bays, grounds to store a full inventory of used vehicles, and 10,000 square feet of office space.

Our third facility is located in Clayton, North Carolina. This location has been added to the TESCO family for the convenience of our southern customers. With this facility being centrally located in the state, it allows for an easier purchasing experience that is close to home. Two service bays are located at this facility along with grounds that store vehicles ready for purchase.

SERVICES

new bus and van sales

A large selection of vehicles are available for demonstration and immediate delivery.

previously-owned bus and van sales

We consistently maintain a large selection of previously-owned buses and vans, including lift-equipped vehicles, to satisfy a wide range of transportation needs.

vehicle leasing

TESCO offers competitive rates and terms with flexible leasing solutions to meet your financial needs.

service

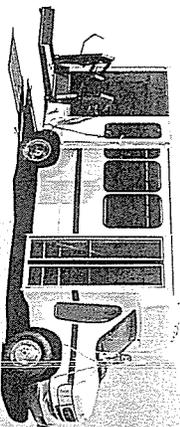

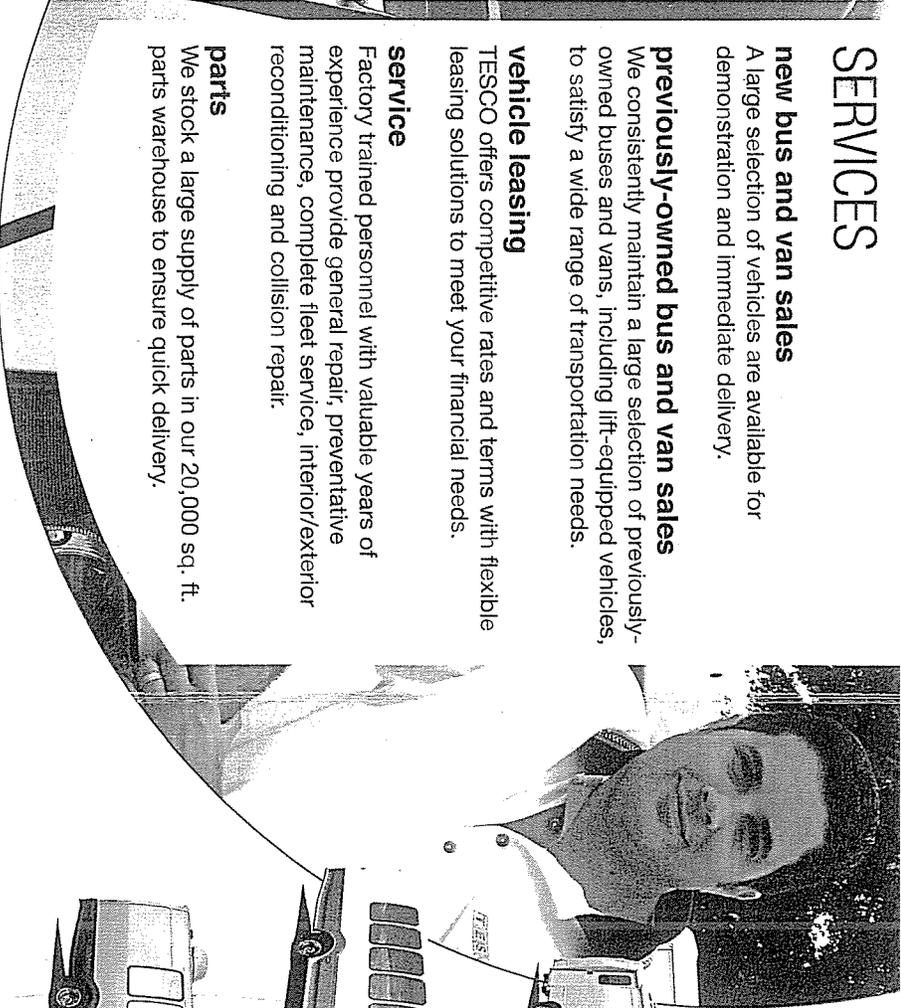

Factory trained personnel with valuable years of experience provide general repair, preventative maintenance, complete fleet service, interior/exterior reconditioning and collision repair.

parts

We stock a large supply of parts in our 20,000 sq. ft. parts warehouse to ensure quick delivery.

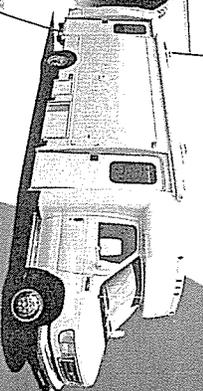

FACILITIES

TESCO requires nearly ten acres to operate effectively. Its primary facilities include 5,000 square feet of modern office space, a 3,000 square foot parts warehouse, and about 20,000 square feet of service garages, which can simultaneously service up to twelve large buses. Parking areas can efficiently store over 200 buses awaiting sale or service. TESCO's secondary location, just two miles from the home office, is utilized for vehicle sales and warehousing of parts located on a sprawling five acres with over 22,000 square feet of operating space.

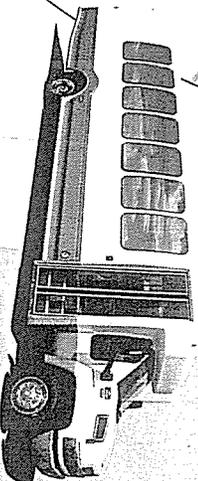

PARATRANSIT

ADA compliant wheelchair lift-equipped vehicles incorporating maximum safety and comfort features.

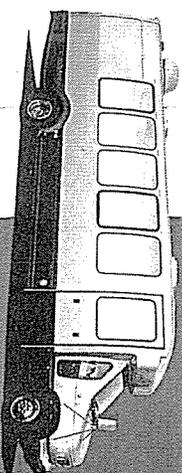

SPECIALTY

Custom-designed vehicles for any application, such as bookmobile, bloodmobile, mobile office, mobile command unit, police surveillance, and more.

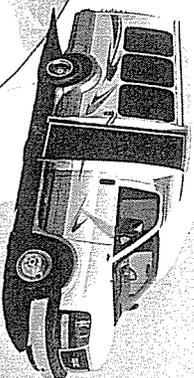

SHUTTLE

Small to medium-sized buses for a variety of uses such as university, church, transit, charter/tour, airport parking, and hotel services.

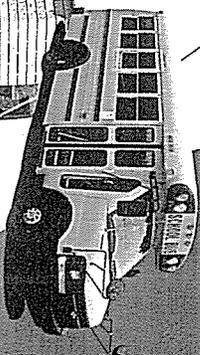

LUXURY

Luxury and elegance of a traditional limousine with additional amenities including a spacious interior, ample headroom and a comfortable ride for more passengers than you ever thought possible.

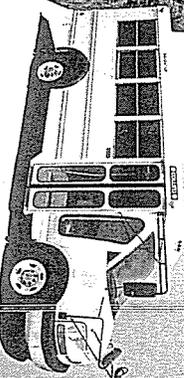

VANS

Comfort and safety features of a bus in a vehicle that does not require a commercial drivers license (CDL).

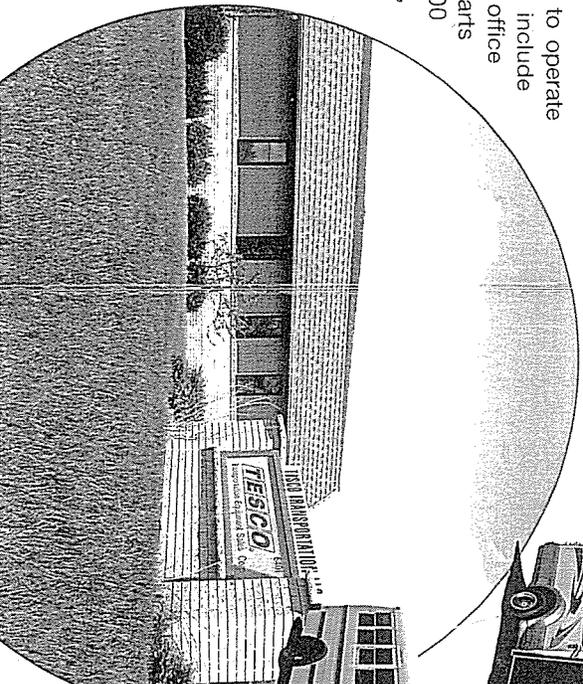

SCHOOL & HEAD START

Quality buses engineered for maximum durability meeting all safety requirements.

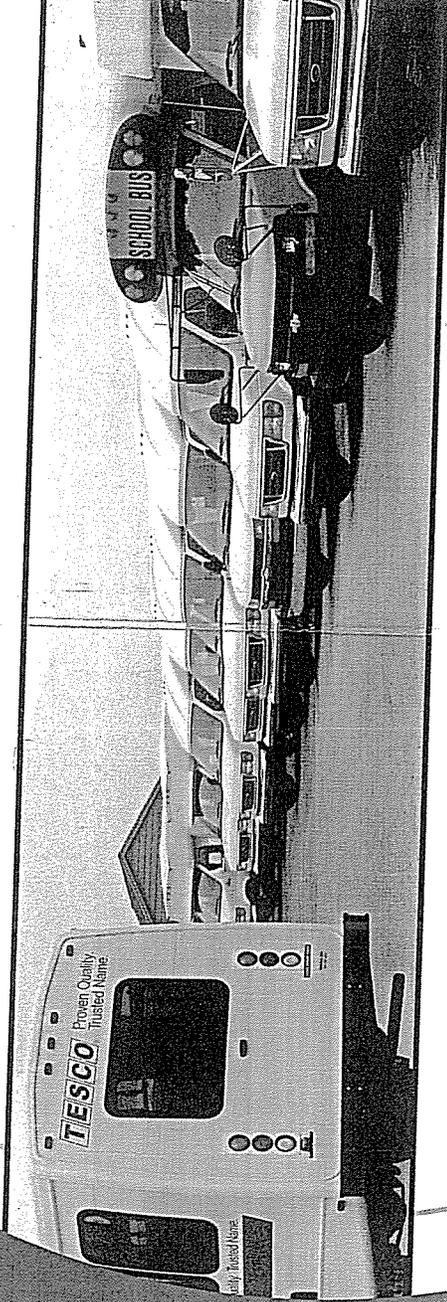

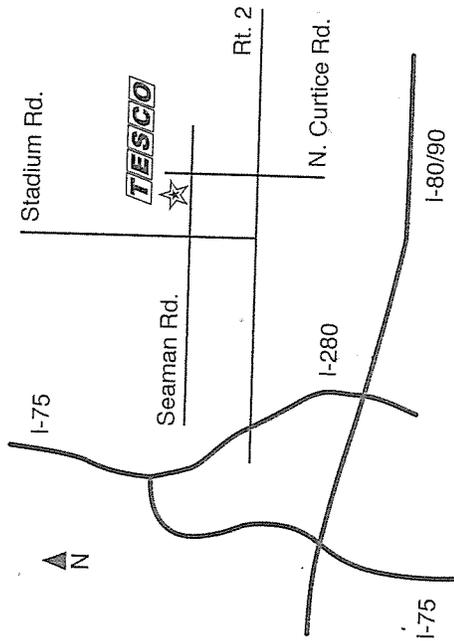

CHILD CARE & ACTIVITY

School bus-like protection offering peace of mind with the maneuverability and convenience of a van.

When one looks at the national success that TESCO has become, it may be difficult to imagine its more humble beginnings. The original company was started back in 1937 selling hearses, ambulances and school buses in northwest Ohio. In 1974 Noel Graham, Sr. became the company's President and sole owner. That same year, TESCO's operations expanded considerably covering more than three times its original territory while continuing to branch out even further into new markets. Today, TESCO is distinguished as one of the nation's largest full-service commercial and school bus dealerships.

For over sixty years, TESCO has provided quality products backed by exceptional service and support. We are committed to helping our customers make the best choice for their transportation needs.

Re: Bid for 25-28 Passenger Bus.

Attached please find our proposal in response to the above-referenced bid for a new/leftover 25-28 passenger bus with wheelchair accessibility. The vehicle we are offering is a 2014 EIDorado Aero Elite built on a 2011 Ford F550 chassis at a delivered cost of \$81,096.00.

This vehicle, Altoona tested for 7 years/200,000 miles, is unparalleled by any in their class and is the only vehicles of its type to be successfully crash tested at an approved automotive testing facility. As well as meeting all required commercial vehicle FMVSS, the Aero Elite is also in compliance with FMVSS 220 and 221 for School Bus Rollover Protection and Sidewall Joint Strength.

EIDorado National is an ISO 9001 certified manufacturing facility producing optimum quality at competitive prices. They have excellent quality control programs and stand behind their product 100%. Any warranty issues are immediately resolved with EIDorado and parts' availability is outstanding. EIDorado National is a major provider for many states throughout the country including California, Texas, Illinois, Florida, and Massachusetts to name a few.

Alliance Bus group, Inc. is a complete one-stop-shop. We have a full Service Department in New Hampshire, a stocked Parts Department, and a Body Shop as well as our Sales Department. Our goal is not merely to sell you a vehicle but we strive to keep our customers happy. We pride ourselves in our service and long list of satisfied customers.

This vehicle is currently in stock and available for delivery in approximately 2 weeks. There are options we can add to it if you are interested such as: additional fold-a-way seat, full body paint, custom decals, etc. We can quote based on what your needs are.

We are very excited about this opportunity and hope that we can work together in supplying you with a good quality, comfortable vehicle. Thank you.

Sincerely,

ALLIANCE BUS GROUP, INC.

SPECIFICATIONS

AERO ELITE

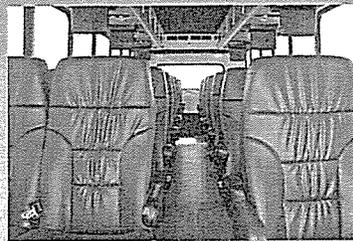

A Transportation Powerhouse 25' to 32' MEDIUM DUTY CUTAWAY BUS

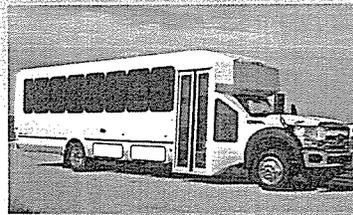

Sometimes size does matter. Our Aero Elite will accommodate up to 33 passengers plus driver and does so without putting a dent in your budget. Aero Elite also features a heavier duty chassis and power train for a longer service life. The Aero Elite allows you to arrive on schedule, keeping your passengers happy. Look no further!

Our "Aero" line is built using a steel-reinforced composite body construction that is highly resistant to impact, rust and corrosion. Side and rear impact testing demonstrates the durability and strength of the "Aero" body composite construction!

BUILT FOR THE LONG HAUL

EIDorado National builds quality and durability into every Aero Elite. Our undercoating process provides superior undercarriage corrosion protection. And the Aero Elite can be tailored to your specific needs such as comfort, convenient storage and easy maintenance.

WORRY FREE MAINTENANCE

From the floor to the door we have you covered. Unlike other buses, our entry door frames, wheelchair lift door frames and step wells are made with powder coated stainless steel to ensure these critical, exposed areas will last.

A MULTI-TASKER

The Aero Elite has all the ride, performance, and aesthetic value to meet the retail industries' needs yet has all the toughness and durability criteria to surpass the heavy usage requirements of the transit industry. Meeting all applicable ADA requirements, Aero Elite is available with a front or rear lift allowing flexibility in meeting passenger needs. And we are "green". Our headliners are spun with recyclable materials that make it a quiet ride and are easy to clean.

DESIGNED AND BUILT IN THE USA!

ONE (1) YEAR LIMITED WARRANTY
(SHUTTLE BUSES, COMMERCIAL MINIVANS AND COMMERCIAL FULL SIZE VANS)

WARRANTY:

Starcraft (hereafter referred to as Warrantor) warrants to the original purchaser (hereafter referred to as Owner) that this product shall be free of **SUBSTANTIAL DEFECTS** in material and workmanship, attributable to Warrantor, under normal use and service. The warranty period is for a period of one (1) year or twelve thousand (12,000) miles, whichever occurs first.

WARRANTY PERFORMANCE:

Warrantor will repair or replace, at our option, any defective part covered under this warranty, free of charge to the owner. Owner shall bear all expenses arising out of or relating to transporting the product to the appropriate Warranty Service location. Warrantor reserves the right to change the parts and designs of its products without notice with no obligation to make corresponding changes to previously manufactured products.

WARRANTY EXCLUSIONS:

This warranty does not cover the following:

1. Damage or deterioration to the physical appearance of the unit if such damage is the result of normal use, wear and tear, or exposure to the elements.
2. Damage caused by misuse, abuse, negligence, accident or acts of God. Usage of this product in a manner inconsistent with its design intentions or inconsistent with the manufacturer's instructions and recommendations will void this warranty with respect to damage caused by or relating to such inconsistent usage.
3. Products, which have been repaired, altered or modified by any party other than Warrantor.
4. Accessories or parts not manufactured by Warrantor, including but not limited to; chassis and its component parts.
5. Expenses arising out of, or related to, the transporting of the product to an appropriate Warranty Service Location for service.
6. Expenses arising out of, or related to, normal maintenance, such as: cleaning interior/exterior, lubrication and/or minor adjustments of moving parts, etc...
7. Damage as a result of, or related to, the vehicle being towed or towing another vehicle. USING THIS VEHICLE TO TOW ANOTHER VEHICLE IS PROHIBITED.

WARRANTY TERMINATION:

The following actions or events will result in the automatic termination of this warranty and will relieve Warrantor from any and all obligations under this warranty:

1. Misuse or neglect of the product, failure to provide reasonable and necessary maintenance, unauthorized alteration or modification, accident or improper loading.
2. Sale of this vehicle. This warranty is non-transferable.
3. The expiration of the warranty period set out herein.

WARRANTY CLAIM PROCEDURES:

All warranty claims must be reported within the warranty period. Warrantor must authorize all warranty service requiring repairs in excess of \$100 prior to performance. Warranty service may be reported directly to the Warrantor or to one of their authorized dealers. If warranty personnel approve warranty service, you must leave the unit at the appropriate Warranty Service location for a sufficient time to effect service.

LIMITATIONS:

THIS WRITTEN WARRANTY IS MADE IN LIEU OF ANY AND ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED. NO IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS MADE.

RECOVERY LIMITATIONS:

NO PERSON SHALL BE ENTITLED TO RECOVER FROM WARRANTOR FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES ARISING OUT OF OR RELATING TO ANY DEFECT IN THE PRODUCT.

These limitations include, but are not limited to, loss of use; loss of revenues; salaries or commissions; towing charges; bus fares; car rentals; gasoline expenses; telephone charges; inconvenience or other incidental damages.

LEGAL RIGHTS:

This written warranty constitutes the entire agreement between Warrantor and Owner. We do not authorize any person to enlarge, amend or modify this liability in connection with this product. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES OR OF THE DURATION OF IMPLIED WARRANTIES, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

EXTENDED WARRANTY ON STRUCTURAL ITEMS (SHUTTLE BUS):

Warrantor warrants to the original purchaser for a period of seven (7) years or one hundred fifty thousand miles, whichever occurs first, that this product shall be free of **SUBSTANTIAL DEFECTS** arising out of or relating to the structural portion of the product. The terms are identical to the terms set out above in Warrantor's Limited One (1) Year Warranty, except as such terms relate to the duration of coverage. THIS STRUCTURAL WARRANTY IS INTENDED TO COVER ONLY THE PERFORMANCE OF THE STEEL CAGE STRUCTURE OF THE BUS BODY.

Subject: Business License Applications (6)	

TO: BOARD OF SELECTMEN

FROM: Melissa M. Avery; Assistant to the Town Manager

RECOMMENDATION: Approve all Business License Applications (6)

PROPOSED MOTION: I move to approve the following licenses:

1. Sean Mitchell DBA: Bagel Basket (Victualers); Located at 280 York Street
2. Jane Eastman DBA: Harry's Seafood and Grill (Victualers, Liquor); Located at 15 Railroad Avenue
3. Joseph Golzbein DBA: Kingdom Concessions (Special Amusement); Located at 23 Railroad Avenue
4. Nancy St. Pierre DBA: M and N Concession Services LLC (Victualers); Located at 23 Railroad Avenue
5. Joseph Barberi DBA: York's Wild Kingdom (Coin-Operated Amusement); Located at 23 Railroad Avenue
6. Robert Morgan DBA: York Beach Grocery and Deli (Victualers); Located at 9 Ocean Avenue

... subject to taxes, fees and inspections being current and compliant with the usual noise stipulations

Discussion: The following Business Licenses will not be released until I have received Fire Department sign offs from the Beach District: Harry's Seafood, Kingdom Concessions, M and N Concessions, York's Wild Kingdom, and York Beach Grocery and Deli

FISCAL IMPACT: N/A

DEPARTMENT LINE ITEM ACCOUNT: N/A

BALANCE IN LINE ITEM IF APPROVED: N/A

Suggested language for a BOS letter to the MTA Board of Directors

Gentlemen:

The citizens of York, organized under the aegis of Think Again, are once again preparing to engage the MTA on the siting of new toll facilities.

The York Board of Selectmen thereby reaffirms their policy position on the toll collection system at the York Toll Plaza as follows:

1) The York BOS recognizes that all electronic tolling (AET) is and should be the ultimate policy goal for an integrated interstate toll collection system. However, we recognize that certain technical and political impediments make adoption of this AET system unfeasible at present.

2) The BOS recognizes that 34% of MTA toll revenues consist of cash payments, indicating that Open Road Tolling is the next most desirable collection format.

3) The York BOS remains steadfast in its belief that the current toll booth location is suitable for the location of an ORT system.

A) The current toll booth location is dimensionally capable of accommodating an ORT system.

B) The issue of land subsidence at the current toll booth location is susceptible to technical analysis and remediation and should not be considered an impediment to a retrofit. In fact, a technical resolution of this subsidence issue will be mandatory for the continuing viability of the roadway itself regardless of the toll booth siting.

C) The benefits of constructing an ORT system at the current toll booth location are myriad: the avoided cost of new land acquisition; the avoidance of new environmental impacts in the invaluable Mt. Agamenticus region of Town; and the avoided impact of land taking in a community unified in opposition to such action.

Therefore, the York BOS encourages the MTA Board of Directors to pursue the engineering studies necessary to prove the viability of an ORT plaza at the current location of the York Toll Plaza. All other options will be strenuously opposed by the Town of York.

Subject: Request for Permit to Locate an RV at 480 Cider Hill Road While Building a Home	

TO: Board of Selectmen
FROM: Robert G. Yandow, Town Manager
RECOMMENDATION: Approve Request
PROPOSED MOTION: I move to authorize Barry Estey of K. Barry Estey Builders of Hancock, Maine to locate a recreational vehicle on a building site at 480 Cider Hill Road for a period of one year while a home is being constructed.

Discussion: Mr. Estey, a contractor from Hancock, Maine is constructing a home for Todd Holway at 480 Cider Hill Road. Mr. Estey is asking permission from the Board of Selectmen to locate a recreational vehicle on the site at 480 Cider Hill Road while the home is being constructed. Pursuant to Article 7.1 of the York Zoning Code, a recreational vehicle may be located on site during the construction of a home with the permission of the Board of Selectmen. The code Enforcement Officer has no objection to Mr. Estey's request.

See attached request from Mr. Estey along with Article Seven of the York Zoning code.

ARTICLE SEVEN

SPECIAL PROVISIONS

7.1 Temporary Use of Manufactured Housing Unit

Any person who can show good intentions of building a home may apply to the Board of Selectmen for a permit to locate a manufactured housing unit or recreation vehicle on the proposed home site during the construction of said home for a period of one year. If the applicant, at the end of one year, has not finished the proposed home to a livable state, the applicant may re-apply to the Board of Selectmen for a maximum of twelve (12) months extension of said permit. The Board of Selectmen, after being satisfied of good faith on the part of the applicant, may issue such permit for one year and extend such permit not to exceed twelve (12) months beyond the initial year. This allowance shall apply within the following zones:

- A. RES 1-A, RES 1-B, RES-2, RES-3, YBVC, GEN-1, GEN-2 and GEN-3 base zoning districts;
- B. Watershed Protection Overlay District; and
- C. Shoreland Overlay District - Mixed Use subdistrict (Shoreland Permit from CEO also required), Limited Residential Subdistrict (Shoreland Permit from CEO also required) and Resource Protection Subdistrict (Special Use Permit from Planning Board per §18.2.7 also required), but prohibited in the Stream Protection Subdistrict.

(This provision is not meant to exclude trailers used for the sole purpose of a "Construction Office" located at the building site. "Construction Office" trailers shall not be equipped with sleeping accommodations and shall be removed from the site within 30 days after occupancy of the principal use.) - **AMENDED 11/04/08, 5/19/2012**

7.1-A. Temporary Use of Recreation Vehicles

On any lot other than a campground, one recreation vehicle may be occupied overnight for not more than 1 week per calendar year. Occupancy by more units or longer than 1 week shall be prohibited. - **AMENDED 5/19/2012**

7.2 Campgrounds

7.2.1 Provisions Applicable to BUS-2 District

Campgrounds shall be allowed only under the following conditions:

7.2.1.1 No building shall be used or erected to be used in connection with a campground within BUS-2, without a permit therefore, issued by the Code Enforcement Officer. Such person shall file an application for said permit to erect said structure, specifying the location of such buildings, the nature of their constructions, and the size and design of said buildings. Upon the filing of such application, if the Code Enforcement Officer shall determine that said structures are of adequate strength and are so located and constructed to be safe against fire, and have proper sanitary and toilet facilities, then he may grant a permit for the erection and use of the same for a campground. The word "building" as herein used, shall include an overnight bungalow, store, filling station, toilet, or other structure which shall be used in connection with a camping ground.

7.2.1.2 No person keeping a campground shall permit an accumulation of offal, garbage, rubbish or waste of any kind on or near said campgrounds. He shall, at all times keep said camping ground and the buildings thereon in a sanitary and wholesome condition and shall at all times provide adequate sanitary toilet facilities for his patrons. He shall not allow any patrons to remain on said campground who shall disturb the peace of the neighborhood or annoy the residents of the town by trespassing upon their property or by other unlawful conduct.

7.2.2 Provisions Applicable to all zones other than the BUS-2 Zone - **AMENDED 11/7/2006**

7.2.2.1 No trailers other than such as are recreational vehicles as defined herein shall be permitted within any camper park, temporarily or otherwise.

Subject: Builder's Camper on 480 Cider Hill Road

Hi,

I'm the property owner at 480 Cider Hill Road and I'm in the process of building a colonial style home there. My general contractor, who has been building homes for 50 years and is a long time family friend, would like to park his camper on the land and live there while the home is being built. (he currently lives in the Bar Harbor area with his wife and doesn't have a place to stay here) While this would allow him a temporary place to stay, it would also allow for better control of the build site as well as better security of the building materials while the home is being built.

I believe the question of him staying on the land is being brought up at your meeting on the 19th of this month. If an exception would be considered, I would be happy to sign a document stating that I am aware of him temporarily living there for a specified period of time. If there is a concern about adverse possession, I'm sure my general contractor would be happy to sign a document regarding that as well.

There may be other factors restricting GC's from staying on a building site that I'm not aware of and if you choose to deny the exception, I'll certainly understand but I do hope you'll consider it as it would certainly make his work a lot easier and I'd feel better knowing the property is being monitored on a busy state road.

Thanks in advance for your consideration and your time.

Respectfully yours,

Todd Holway

REQUEST FOR ACTION BY BOARD OF SELECTMEN

Date Submitted: May 15, 2014	Type of Action: <input type="checkbox"/> Procedural <input checked="" type="checkbox"/> Formal Action <input type="checkbox"/> Other: _____
Date Action Requested: May 19, 2014	
Regular <input checked="" type="checkbox"/> Work Session	
Subject: Request From Bergen and Parkinson to Represent a Client Before the Board of Appeals	

TO: Board of Selectmen
FROM: Robert G. Yandow, Town Manager
RECOMMENDATION:
PROPOSED MOTION: I move that the Board of Selectmen grant consent to Bergen and Parkinson to represent Robert Grant before the Board of Appeals.

Discussion: Durward Parkinson, former Town Attorney, has requested consent from the Board of Selectmen to represent Robert Grant before the Board of Appeals. Bergen and Parkinson still represents the Town of York in a few ongoing matters, consisting primarily of 80B Zoning Appeals in Superior Court and some issues with the Harbor Board. The ongoing issues are unrelated to the Board of Appeals case so there does not seem to be a conflict.

To: Robert G. Yandow
Subject: Possible representation of Robert Grant/ZBA appeal

Rob:

Robert Grant contacted me about representing him on an appeal of the Town's Notice of Violation regarding his property at 19 White Birch Lane.

Without having conducted due diligence about the case, I advised him that as a threshold matter I could not represent him without obtaining consent from the Town because my firm remains counsel to the Town on a few remaining matters-- following the Town's decision to hire a new Town attorney.

I understand from our telephone call today that you could not grant this consent-- and that you would need the Selectmen to consider the request. Please let me know when you expect this to be discussed by the Selectmen.

Subject: Business Directional Sign for The Inn at Ridge Road – 281 Ridge Road.	
TO: BOARD OF SELECTMEN	
FROM: Dean Lessard, Director of Public Works	
RECOMMENDATION: Approve OBDS sign requests for The Inn at Ridge Road.	
PROPOSED MOTION: I move to approve the single sided business directional signs requested at the intersection of Route 1 and Old Post Road northbound & Old Post Road and Ridge Road Southbound for The Inn at Ridge Road.	

Discussion: Kate Stone of The Inn at Ridge Road has requested approval of two single sided business directional signs. The sign would be located on existing posts that have vacant space. Please see attached photo's of requested locations.
