The Town hereby ordains amendment of the **Zoning Ordinance** to amend the definition of the phrase "Date of Issuance" with respect to board approvals, specifically amending Article 18-A, Application Review Procedures.

Statement of Fact: A permit or approval must be used within a set period of time or it will expire. In the Zoning Ordinance, the starting date for this timeline is known as the Date of Issuance. Current language in the Ordinance does not use consistent terminology in defining this starting point for approvals versus conditional approvals. The purpose of this amendment is to ensure that the starting time for approvals and conditional approvals each begins on the date of a board vote. This amendment is administrative in nature and is expected to have no fiscal impact on Town administration.

The Town hereby ordains amendment of the **Zoning Ordinance** to update the boundaries of the Town Farm Historic Site to accommodate the boundary line adjustment approved by the voters in May 2010, specifically amending Article 12, Historic and Archeological Resources.

Statement of Fact: The Town Farm property received Historic Site designation in May 2008. At that time a portion of the property was exempted from this designation in anticipation of a future property exchange with an abutting property owner. That property exchange was approved by the voters in May 2010. This amendment will now establish the Historic Site boundaries to cover the entire area of the Town Farm property which is owned by the Town. This amendment is generally consistent with the Comprehensive Plan, and is expected to have no fiscal impact on Town administration.

ARTICLE THREE

The Town hereby ordains amendment of the **Zoning Ordinance** to define commercial functions, specifically amending Article 2, Definitions.

Statement of Fact: In May 2010 the Town first allowed a limited number of commercial functions on residential property, and immediately questions arose about interpretation of the regulation. Most of the questions came from people who rent their single-family homes by the week during the summer, and wanted to know if their 'weekly tenants could host parties, receptions, rehearsal dinners, weddings, and so forth. How many people could attend such an event before it requires a permit? The current code language does not establish a minimum size threshold. This amendment defines the term "Commercial Function" as any event for which the property owner receives compensation and at which 50 or more people are in attendance. Events with fewer people or which are held without any compensation to the property owner, such as a party for a family member, would not be regulated as a commercial function. This amendment is generally consistent with the Comprehensive Plan, and is expected to have no fiscal impact on Town administration.

ARTICLE FOUR

The Town hereby ordains amendments to the **Zoning Ordinance,** specifically amending Article Two, Definitions, Article Three, Establishment of Zoning Districts, and Article 10-G, Farm Enterprise Overlay District.

Statement of fact: The purpose of this amendment is to clarify and tighten the controls in the newly adopted Farm Enterprise Overlay District, and to add the Rocky Acres Farm to the Overlay District. The definition of Agriculture-Related Use is amended, and a new standard is inserted specifically to prohibit certain commercial uses. This amendment is specifically consistent with Comprehensive Plan Town Goal 3.1: To promote a sound economic base and economic development that is consistent with York's small town coastal character, Town Goal 8.1: Encourage continued use of suitable lands for agriculture and forestry, and Future Land Use Area #16, To safeguard the State's agricultural and forest resources from development which threatens those resources. It is expected to have no fiscal impact on Town administration.

ARTICLE FIVE

The Town hereby ordains amendment of the **Supplemental Plumbing Ordinance** to remove the requirement for the Board of Selectmen to approve new septic system variances, specifically amending §14, System Variance.

Statement of Fact: Adoption of this amendment will simplify administration of the Supplemental Plumbing Ordinance in a few cases and ensure consistency of the Town Ordinance with State rules. Recent changes in State septic rules have eliminated the requirement for the Board of Selectmen to approve every first time system variance. A first time system variance is a deviation from the standard septic design requirements necessitated by unusual physical conditions on a lot, and it is intended to reduce the risk of making a lot unbuildable while ensuring proper sanitary function. The proposed amendment calls for the Local Plumbing Inspector to make decisions except when the State rules call specifically for a decision by the Selectmen.
