

Soils by Slope

York Comprehensive Plan Inventory and Analysis Natural Resources Chapter February 10, 2006

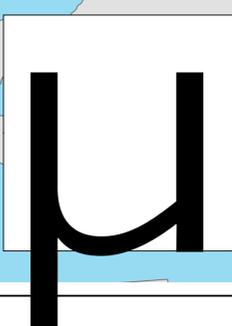

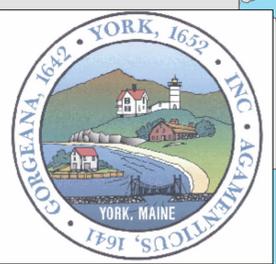

This map was created using information from the following sources:

Natural Resources Conservation Service and the Town of York GIS

Unrated slopes are designated because slope is not a major component for the soil type.

	Ogunquit Watershed	Cape Neddick River Watershed	N. Coastal Watershed	C. Coastal Watershed	S. Coastal Watershed	Great Works Watershed	Josias River Watershed	York River Watershed
B	45%	29%	44%	45%	39%	12%	19%	27%
C	28%	42%	45%	23%	35%	34%	47%	32%
D	0%	1%	0%	0%	0%	4%	3%	3%
E	5%	13%	4%	1%	2%	38%	11%	8%
UNRATED	22%	15%	8%	31%	24%	12%	20%	30%
Total	100%	100%	100%	100%	100%	100%	100%	100%

Major Watersheds

Surface Water

Soils

By Slope

- UNRATED
- B - Low
- C - Medium
- D - Medium High
- E - High

1 Inch equals 1/2 mile
