Subject: RE: Preliminary Submission for York

Hi Lee Jay,

My initial thought is that we will be looking to submit in two weeks. However, I am usually optimistic when it comes to scheduling, and we want to be very careful regarding content and quality, so it may be nearer to three. I will start refreshing my memory on the requirements early next week and will keep you updated on our schedule.

I did get a chance to speak to Bob Libby today regarding Mrs. Dalli and the property boundary on Horn Road. Apparently, Bob was asked by Dalli to survey their property to confirm the boundary that he initially did for the town. He confirmed the property line from both directions (i.e. from his survey of the town property and his survey of the Dalli property) and found no discrepancy, so he is comfortable with the line presented on the plan. It may be that the owners do not like what they see....

Regards,
Andrew

Andrew, As I suspected at the meeting last evening, Getting the room for an off Thursday other than the regularly scheduled PB meetings is gong to be real tough! I just thought I would check in with you to see if you have any thoughts on how far out you are from wanting to make a Preliminary submission. We may need to get that in the queue for a Regular pb meeting as special days will be hard to come by. I am just trying to cover all of my bases right now.
