

# Stream Order

York Comprehensive Plan  
Inventory and Analysis  
Natural Resources Chapter  
February 10, 2006

This map was created using information from the United States Geological Survey, the Maine Office of GIS, and Town of York GIS data.

Channels have been created in the sections between streams, in order to create connectivity, and demonstrate the order of stream reaches.

**Legend**

- Major Watersheds
- York Streams Order**
  - 1
  - 2
  - 3
- York River Order**
