

We the undersigned York, Maine residents agree with the following:

**Covenants and Deed Restrictions.** Except for conservation land that is to remain permanently undeveloped, covenants or deed restrictions that are more restrictive than applicable Town of York land use codes shall be prohibited on all lots which are 40 acres or less in area and located west of the Maine Turnpike. It is believed that such covenants and deed restrictions would limit traditional rural uses in favor or more suburban-style development, which would ultimately displace the rural qualities that still exist and that the townspeople seek to preserve.
