Geoff,

I reviewed the proposed site plan for Maine Coast Company. It doesn't appear this addition will add any demand to the water system. If I've miss read that please let me know.

York Water District will have no issue serving this addition.

Respectfully,

Don

Don,

We are working on a site plan amendment for this property. The seafood company needs to expand to keep up with demand. The addition is to provide better flow and area for shipping and packaging. I attached a copy of the site plan and floor plans. Can you review and let me know if you have any questions. Can you provide me with a letter regarding your concerns and comments so I can submit with my application.

Thank you for your time and please call with any questions or comments.

Geoff
