New Outbuilding at 94 Lindsay Road

Findings of Fact:

The Proposed small Outbuilding was designed to be compatible with both the Residence & Barn on the Site. The roof pitch matches the main barn roof and the exterior finishes will match, including painted beveled siding, simple roof eave & rake trim, window trim and corner boards.

The Marvin "Elevate" windows specified are the same windows we used on the Barn renovations in 2016. They have Simulated Divided Lites (SDL) with vertical pane size, in proportion to existing windows. The "Elevate" 8 Lite French Doors also work with those proportions. The Sliding Barn Door will conceal the single French Door and is in keeping with the style of a storage building.

The Outbuilding is located on the east side of the Barn & has limited views from Lindsay Road.

Re: 94 Lindsay Road

To whom it may concern,

We, William & Louise Baker authorize Anne Whitney to act as our agent in matters relating permitting for the proposed Outbuilding at our property, 94 Lindsay Road.

Regards,

The block contains two handwritten signatures in black ink. The first signature, "William Baker", is written in a cursive style with a long, sweeping tail. The second signature, "Louise Baker", is also in cursive, with the first name being more prominent and the last name "Baker" written in a slightly more formal, blocky cursive.
